About Me

Computer engineer and full stack web developer with experience in React and Node.js, focused on building and maintaining production-ready web applications. I have developed software currently used in more than 10 restaurants, improving operational efficiency. Seeking a junior/mid role in an agile, product-driven team.

Spanish nationality · EU work authorization · Open to relocation

Skills

Frontend: HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React.js, Next.js, TypeScript

Experience

External Contractor - Goiko, Full Stack Web Developer

A Coruña

Design and development of a web application to optimize kitchen order management, currently in the process of being deployed to more than 100 restaurants.

Apr 2025 – Nov 2025

- Designed and developed a web application to optimize kitchen order management.
- Reduced operational errors and increased preparation speed.
- Implemented continuous improvements based on real user feedback.
- Coordinated testing and deployments with different locations.

HACKABOSS, Full Stack Web Developer (Final Project)

A Coruña

Bootcamp final project focused on developing a full stack web platform with a React frontend and a Node backend.

Jan 2025 – Mar 2025

- Developed the frontend using React.js and Tailwind CSS.
- Implemented the backend with Node.js, Express.js and an external API (Amadeus).
- Designed and managed a MySQL database.
- Implemented authentication using JWT and bcrypt.

Universidad Antonio José de Sucre, Web Developer (Internship)

Anzoátegui

Internship as a web developer focused on the automation of administrative processes.

Jul 2020 – Apr 2021

- Managed users and permissions on internal web platforms.
- Developed an application for payment and collections management.
- Automated processes using JSON and web services.

Lonbech, Junior Frontend Developer

Anzoátegui

Worked as a junior frontend developer focused on web design and digital content.

Jan 2020 – Jul 2020

- Edited and maintained websites using HTML, CSS and WordPress.
- Implemented responsive design on existing websites.
- Designed graphic assets and content for digital advertising.
